Summary

This is Gazi Maruf Rahman, recently I'm doing a BSc in CSE at a well-known university in Bangladesh. I am basically a software engineer but I work with cyber security. You can call me a Pentester. With the help of Python, I can solve your various problems. It has always been my Passion to learn new things, explore new ideas and thoughts and emphasized on self-development. It has always been my focus on every available opportunity to improve myself skills. I want to pursue my goals with dedication, sincerity, honesty and hard work.
